📍 St. Louis, MO

Hello, I am pursuing app and web development and strive to learn as much as possible and push myself to the limit.

WORK EXPERIENCES

Kitchen Staff

Full Time Cook/Baker/Barista

Kaldi's Coffee | 2024 - Present

- Prepared Food/Drinks/Bakery according to recipes, quality standards, and presentation.
- Maintained cleanliness and sanitation of work areas and equipment to ensure compliance with food safety regulations.
- Collaborated team members to ensure smooth operation during peak hours
- Manage inventory levels by FIFO, and notifying management of any low stock or waste.

Ice Cream Manufacturer

Summer Job for 2 Years

Clementines Creamery | 2020 - 2021

- Prepared Ice cream from scratch in machines, prepped ingredients, and manufactured to serve at all Clementines Creamery locations.
- Operated ice cream machines to produce high-quality products while adhering to safety guidelines

PROJECTS

React.js Weather App

A web based weather app that uses OpenWeatherApi to fetch the temperature and weather conditions from any input location.

Video Game Database

A database mock written in javascript to act like a real database and manage all of your collection

Personal Portfolio

My personal portfolio is built with HTML, CSS, and Javascript to showcase my work

Emulator Frontend Final Project

This emulator frontend was built with SQL and C# to be a CRUD application that's able to play and manage your video games and data.
